

Are Reusables Right for Your Business?

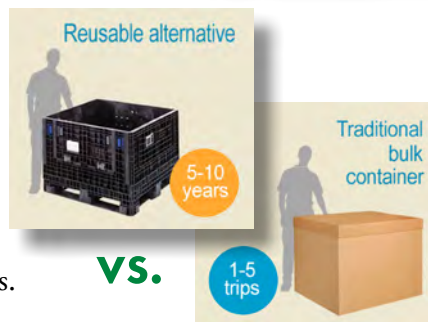

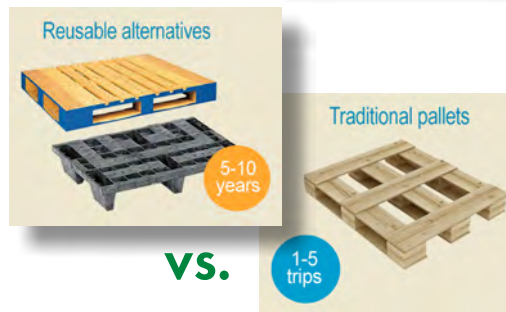

Reusable transport packaging ("Reusables") replace limited-life transport packaging, saving money and resources. Examples of Reusables include:

- Hand held containers
- Pallets, pallet wraps and bands
- Bulk containers and drums

Reusables can offer significant advantages over traditional transport packaging by:

- Lowering shipping costs.
- Offering more efficient product storage, handling and distribution.
- Improving product protection, worker safety and storage efficiency.

Visit www.usereusables.org/are-reusables-right-for-me and complete the checklist to find out if reusables are right for your business.

Alameda County's Mandatory Recycling Ordinance Requires Recycling & Composting!

- *Sorting recyclables from garbage became mandatory on July 1, 2012.*
- *Sorting food scraps and food-soiled paper from garbage became mandatory on July 1, 2014.*

Service Tips

- ✓ Make sure the area around your containers is clear.
- ✓ Close your container lids to keep out birds, critters and rain.
- ✓ Schedule additional service when you have overflow, large items, or construction and demolition debris.
- ✓ Flatten and/or cut boxes to maximize space in your **Recyclables** cart or bin.
- ✓ Contain shredded paper in a paper bag or box before placing in your **Recyclables** cart or bin.

The ordinance applies to businesses with 4 or more cubic yards of garbage service as well as multi-family properties with 5 or more units. To learn more visit RecyclingRulesAC.org or LivermoreSanitation.com and click on the Mandatory Recycling Ordinance Quick Link.
